Dreer's Quarterly Wholesale Price List

JANUARY—MARCH, 1912

We take pleasure in presenting to the Trade this, the first issue of our Wholesale Price List for 1912. Most of the New Crop Seeds are now in stock and ready for distribution, and we are confident, notwithstanding the short crops harvested the past season, that we can serve you as well as ever. In the Plant Department our stocks of decorative, hardy and other plants are very extensive and in splendid condition, comparing favorably to stock distributed by us in the past. We trust you will favor us with a share of your patronage which we promise will be given the most careful attention.

ORDER EARLY

WE respectfully request that our wholesale customers send in their orders as early as possible.

While we aim to give every order proper attention at all seasons of the year, yet during the spring rush there is liable to be delays, hence the advisability of anticipating your wants and ordering early.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS We are shipping by express lines, to all parts of the country, Seeds, Bulbs and Plants, when out of pots and packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk.**

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. Articles offered in our Retail Catalogue or Garden Book and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds in packets, Bulbs and Plants, 33¼%; Small Tools and Insecticides, 10%.

No order for **PLANTS or BULBS** amounting to less than \$1.00 will be filled and packed at wholesale prices. Orders received from the trade for Plants or Bulbs amounting to less than \$1.00 will be charged for at retail prices, less 10 per cent.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations, otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address** **Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

WHOLESALE PRICE LIST OF

Dreer's Reliable Flower Seeds

We give close attention to the Flower Seed Department, our constant aim is to procure the **very best strains obtainable**, both of home and foreign growth, and no pains or expense are spared with this object in view. We call special attention to our particularly fine strains of Asters, Cinerarias, Cyclamens, Mignonettes, Pansies, Petunias, Primulas, Stocks, Verbenas, etc., etc. They are now grown by the most critical florists in the country and are acknowledged to be superior in all respects.

NOTE.—We do not furnish less than Trade Packets except where noted. Fractions of ounces are supplied at a slight advance over the ounce price. Where smaller quantities than trade packets are wanted retail packets can be supplied at a discount of one-third from retail catalogue prices. Prices in this list are net.

DREER'S SUPERB ASTERS

We take special pains to secure only the choicest Asters, and nothing better in quality can be had at any price. Beware of low-priced stock, it is liable to be low grade at the same time.

For early flowering, Queen of the Market is used almost exclusively, although the earliest of all is Early Wonder. White Fleece and Lavender Gem are also early and very desirable. Our Superb Late Branching is in most demand for late, while for mid-season Crego's Giant, Pink Beauty, Ostrich Feather, Pæony Perfection, are all equally desirable.

AMERICAN GROWN ASTERS

The varieties offered on this page are all American grown and stand at the head of Asters for the American climate.

The stocks have all been grown under our own supervision, and we know that the quality in every case is as fine as can be had at any price and much superior to what can be procured from most sources.

CREGO'S GIANT COMET ASTER

DREER'S SUPERB LATE BRANCHING ASTER

Dreer's New Aster "Peerless Pink."

This grand new Aster may briefly be described as a glorified late branching shell-pink or Mary Semple. It has the same strong, sturdy habit of growth; comes into bloom a little earlier, bears freely almost globular flowers rarely under 4 inches across and frequently over 5 inches. The color is rich shell-pink, similar in shade but more decided than the late branching. The centre petals are prettily incurved while the wide outer petals reflex making a most artistic and finely finished flower. 50 cts. per trade packet; \$4.00 per oz.

Electric White Aster.

A most distinct and distinguished looking flower, being made up of long thread like quilled petals of snowy whiteness, borne on long, strong wiry stems, and rarely under 5 inches across. 50 cts. per trade pkt.; \$2.50 per oz.

Dreer's New Aster "Pink Beauty."

A magnificent cut-flower variety, in bloom from early August until well on in September; 24 to 30 inches high; flowers average 4 inches across, on long, strong stems. Color a delicate blush pink, and pronounced by experts to be the finest pink midseason sort yet introduced. 50 cts. per trade packet; \$4.00 per oz.

Crego's Giant Comet Asters.

Magnificent fluffy flowers, averaging over 5 inches across, with long strong stems; the finest of this type. Comes into bloom in August, continuing well into September, and, unlike most of the Comet sorts, stands when cut and is a good flower to ship. We offer two colors, our own saving, of the highest quality.

	Tr. pkt.	Oz.
Shell-pink	40	\$2 00
Snow-white	40	2 00

Early Wonder Asters.

This is the earliest Aster in cultivation, being in full bloom when Queen of the Market is only in bud, frequently coming into bloom in late June. Flowers larger than Queen of the Market, borne on long, strong stems. Very valuable for cutting.

	Tr. pkt.	Oz.
Early Wonder White. Pure glistening white	40	\$2 00
Early Wonder Pink. A good pure pink	40	2 00

Dreer's New Late Aster "Crimson King."

A superb new late-branching variety, with perfect double flowers of rich, rosy crimson, full of fire. Fine for cutting, showing up well under artificial light. 40 cts. per trade packet; \$2.00 per oz.

Dreer's Superb Late Branching Asters.

The finest Asters for late August and September blooming.

The plants form strong, branching bushes, 2 to 2½ feet high, bearing on long, strong stems their handsome Chrysanthemum-like flowers, which, under ordinary cultivation average 5 inches across. The form of the flowers, together with the length of the stems, places them at the head of Asters for cutting. They come into bloom from two to three weeks after the average type, usually being at their best during September, and filling in the gap between the general run of Asters and Chrysanthemums. We offer eight beautiful and distinct colors, viz:

	Tr. pkt.	Oz.
Azure Blue. A rich deep lavender	25	\$1 00
Pure White. Extra fine stock	25	1 00
Shell Pink. An exquisite shade	25	1 00
Rose Pink. A very desirable color	25	1 00
Deep Rose. Rich and brilliant	25	1 00
Deep Purple. Royal deep blue	25	1 00
Lavender. A pale greyish-lavender	25	1 00
Crimson. Very rich	25	1 00
Finest Mixed. All the colors	25	75

Five Fine American Asters.

Daybreak. Of symmetrical growth; attains a height of 18 inches, and produces during August perfect globe-shaped flowers, of a delicate pink tint.

Purity. Identical in every way to Daybreak, but of pure glistening white.

Lavender Gem. One of the most beautiful Asters. Of Comet type, with large, artistic, loosely-arranged flowers of the most charming shade of lavender imaginable.

Violet King. A new and distinct color in the Late Branching class, fine large double flowers of a pleasing shade of violet, a strong, free grower and very free flowering.

White Fleece. Large and most perfect flowers, 5 inches and over across, formed into a plummy globe of glistening white. Blooms in August.

DREER'S DOUBLE FRINGED PETUNIA

Dreer's Superb Petunias.

Our Riverton grown strain of Double and Single Fringed Petunia have long been celebrated as the best on the market. We keep continually culling out and hybridizing and thus maintain the high standard. We frequently test stocks from the world's best growers and can say, without fear of contradiction, that our own strain is by far the best to be had at any price.

Note.—We would especially call the attention of every florist who grows Double Petunias from seed that all the smallest and weakest seedlings should be saved, as they usually produce the finest double flowers. The same is true of the singles, the strong seedlings being inclined to "weediness."

Dreer's Superb Double Fringed. Our own unrivaled strain. Every seed saved at Riverton. Mixed colors. 75 cts. per 500 seeds; \$1.50 per 1000 seeds.

Dreer's Superb Double Fringed White. Saved from the finest type of fringed pure white, carefully hybridized. \$1.00 per 500 seeds.

Double Fringed Imported. Seeds are saved by one of the foremost European growers; the best that can be had abroad. \$1.00 per 1000 seeds.

Dreer's Superb Single Fringed. All our own saving from the finest large fringed flowers. Mixed colors. 50 cts. per tr. pkt.; \$1.00 per $\frac{1}{4}$ oz.; \$1.50 per $\frac{1}{2}$ oz.

PYRETHRUM AUREUM

Primula.

The most important member of this family to the florist is the Fringed Chinese Primrose. Our supply of which we procure from the best sources, and sure to give the same satisfaction in the future that it has in the past. The obconica varieties are also very popular, making beautiful pot plants for winter blooming.

Dreer's Fine Sweet Peas

We only offer the very best varieties. Those marked * are the kinds best suited for Florists for cutting.

Orchid-flowered Sweet Peas.

This type is distinguished from the standard sorts by the extraordinary size of their flowers and by the standard being crinkled and wavy. They usually bear four blossoms on a stem, and are as easy to grow as the commonest sorts. Owing to their being shy seeders they will always be higher in price than the standard sorts.

Tuberous-Rooted Begonias.

Through careful selection, every season sees an advance in the quality of these beautiful Begonias. Our stock is grown for us by one of the most eminent specialists in Belgium, whose strain is celebrated for its size, rich coloring, form and substance.

The price is as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, will find many of the *cheap strains offered dear at any price*. We offer but one quality, and that is the best.

Single Varieties in Colors. Scarlet, crimson, white, rose, yellow and orange. 40 cts. per doz.; \$2.50 per 100; \$22.50 per 1000.

Very large single flowers, the petals wavy and beautifully frilled

Similar to the newer forms of Petunias. Strong bulbs in scarlet, white, pink and yellow. \$1.00 per doz.; \$7.00 per 100.

Double-fringed Tuberous Begonias.

The individual flowers of large size, full double form and brilliant color, the edges of the petals deeply cut or serrated, adding a most desirable character of lightness to the flower. We offer three distinct colors—white, rose and scarlet. \$1.50 per doz.; \$10.00 per 100.

Lorraine Begonias.

Gloire de Lorraine and Pink Lorraine.

We are now booking orders for these varieties for June delivery, all in stock which has been propagated from leaf cuttings, which is far superior to plants grown from cuttings in the ordinary way. 2½-inch pot plants, \$2.00 per doz.; \$15.00 per 100; \$140.00 per 1000.

New Lorraine Begonia.

Glory of Cincinnati.

A variety which is likely to supersede Gloire de Lorraine. It is a strong, robust grower, with flowers much larger than any of this type, in color a most beautiful shade of soft satiny pink; it is easy to grow, and can be grown into a beautiful, finished specimen even in a four-inch pot. It blooms from October to April and retains its flowers and will outlast all other varieties, making it the ideal sort for the retailer to handle.

Good thrifty young plants from 2¼-inch pots. June delivery.
\$3.00 per doz.; \$20.00 per 100; \$175.00 per 1000.

FANCY-LEAVED CALADIUMS

**Boxwoods.—Continued.****Standard or Tree-Shaped Box.**

The tree-shaped boxwoods are practically unobtainable in Holland this season and we are only offering plants which have been carried over from last year and which can be supplied in limited quantity at \$2.00, \$3.00, \$5.00, \$7.50 and \$10.00 each.

Square Clipped Pyramid Box.

Unlike the ordinary pyramids these are clipped to 4 flat sides, forming neat square specimens about 4½ feet high, the base being 18 inches in diameter, tapering to about 4 inches at the top. They are in neatly constructed, ornamental square tree-tubs. \$10.00 each.

Box for Edging.

Bushy plants, 4 to 5 inches high, \$5.00 per 100; \$45.00 per 1000.

Bougainvillea Sanderiana.

A fine lot of 3-inch pot plants, splendid stock to grow on for another season. \$1.50 per dozen; \$10.00 per 100.

Fancy-leaved Caladiums.

We have an immense stock of these including the finest of the old standard varieties, the choicest Brazilian introductions as well as a number of extra fine new varieties. No other plant is so valuable for the decoration of the florist's store window during the summer months, and during recent years we have sold many thousands for this purpose. The bulbs this season are exceptionally large and fine.

We offer special selections according to variety, as follows:
Choice Standard Varieties. The finest collection ever offered at the price. \$1.75 per dozen; \$12.00 per 100; \$100.00 per 1000.

Choice Rare and New Varieties. \$2.25 per dozen; \$15.00 per 100; \$140.00 per 1000.

Rare New Varieties. \$3.50 per dozen; \$25.00 per 100.

Choice Mixed Varieties. \$1.50 per dozen; \$10.00 per 100.

Callas (Richardia).

Elliottiana. This is the best of the yellow-flowering varieties.

Strong bulbs, \$2.00 per dozen; \$15.00 per 100.

Spotted-leaved (Richardia Alba Maculata). 50 cents per dozen; \$4.00 per 100.

Camellia Japonica.

We are pleased to see these old favorites again coming into favor, and in view of this we have prepared a splendid stock of the most popular varieties in thrifty, bushy, well branched plants.

CANNAS

Cannas of Recent Introduction.

All have green foliage unless otherwise specified.

Brilliant. A bright yellow with two curling tongue-like petals of a bright red. 15 cts. each; \$1.25 per doz.; \$8.00 per 100.

Dr. Budingén. One of the most brilliant scarlets, both the individual flowers and the trusses being of large size; bronze foliage; 4 feet. 15 cts. each; \$1.25 per doz.; \$8.00 per 100.

Dr. E. Ackernacht. Carmine-lake suffused with deep carmine, a distinct new shade, very free flowering, foliage bronze, 4 feet. 35 cts. each; \$3.50 per doz.

Dr. W. Scheuermann. Brilliant deep cardinal-red, large well-rounded flowers in giant trusses held well above the bronze foliage; 5 feet. 35 cts. each; \$3.50 per doz.

Feuermeer. A brilliant fiery scarlet, of medium size, but exceptionally free-flowering, and one of the most effective for massing; 4 feet. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Gladioliflora. Remarkable on account of the unusual shape of its flowers, which look like a large Gladiolus; color crimson, changing to carmine-rose, with an irregular edge of gold; 3½ feet. 25 cts. each; \$2.50 per doz.; \$18.00 per 100.

Gustav Gumpert. We recommend this as the ideal rich yellow bedding Canna, the flowers of good size are held well above the foliage, the fine trusses are always clean looking, and very uniform in habit of growth, color a rich golden-yellow, a shade that has been missing heretofore and which can be seen as far as the eye will carry, 3½ to 4 feet. 35 cents each; \$3.50 per doz.; \$25.00 per 100.

Hungaria. The ideal pink bedder, flowers very large, in good trusses, color not unlike that of the Paul Neyron Rose, one of the best of the newer introductions; 3 to 3½ feet. 35 cts. each; \$3.50 per doz.

Johanna Kanzeleiter. Light amber-yellow changing to creamy-white as it matures, very free and distinct; 3½ to 4 feet. 35 cts. each.

Mephisto. One of the darkest crimson varieties yet introduced. The flowers, which are of large size, are held well above the bright green foliage; 3½ feet. 15 cts. each; \$1.25 per doz.; \$8.00 per 100.

Minnehaha. A distinct and novel color, a pale flesh overlaid with soft rose and cream tints, reminding one of transparent sea-shells; 4 feet. 30 cts. each; \$3.00 per doz.

Mrs. Alfred F. Conard. One of the most distinct varieties yet introduced, a beautiful and exquisite shade of salmon-pink, of immense size; 3 feet. 75 cts. each.

New York. A bronze-leaved, Orchid-flowered variety, with very intense brilliant carmine flowers of great beauty. A strong grower; 6 to 7 feet high. \$1.50 per doz.; \$10.00 per 100.

Professor Romberg. A brilliant, rich, fiery-red, flowers of medium size, in large trusses held well above the bronzy foliage; 3½ to 4 feet. 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

Wawa. Soft delicate pink, remarkably free flowering; 3½ feet. 20 cts. each; \$2.00 per doz.

William Saunders. A gorgeous bronze-leaved variety; flowers of a bright crimson-scarlet, often measuring 5 inches across, of remarkable substance and durability. The plant is of a uniform habit of growth, about 4 feet high. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

One each of the above 16 recent introductions for \$3.50.

Italian Orchid-flowered Cannas.

Allemania. Pleasing dark salmon with golden markings, 6 feet. 60 cts. per doz.; \$4.00 per 100.

Austria. Pure canary-yellow; few reddish dots in the centre, 6 feet. 60 cts. per doz.; \$4.00 per 100.

King Humbert. In this grand Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers measure 6 inches in diameter, and are produced in trusses of gigantic size, of a brilliant orange-scarlet with bright red markings; the foliage is broad and massive of a rich coppery-bronze; bold and effective; 5 feet. 85 cts. per doz.; \$6.00 per 100.

Pennsylvania. Remarkably free flowering intense vermilion-scarlet, overlaid with an orange sheen; 6 feet. 60 cts. per doz.; \$4.00 per 100.

Wyoming. Bronzy-purple foliage with immense spikes of massive orange flowers. 60 cts. per doz.; \$4.00 per 100.

Dark-leaved Canna, Black Beauty.

In dark-leaved Cannas no variety is so effective as "Black Beauty;" the massive foliage is of such an intense rich color as to at once place it at the head of the list of ornamental bedding plants, where foliage or sub-tropical effect is wanted. The plant grows 5 to 6 feet high, with foliage of the richest glistening bronzy-purple, shaded black, and having crimped, wavy margins. \$1.25 per doz.; \$8.00 per 100.

Price: Any of the above varieties 10 cents each; 85 cents per dozen; \$6.00 per 100.

New Chrysanthemum Frutescens or Marguerite. Mrs. F. Sander.

A most valuable flowering pot plant and which, like its predecessors, will be grown extensively for cut flowers during the winter, while its pure white color will make it more valuable than any as a pot plant for Easter decorations.

Unlike all other Marguerites, its color is of the purest glistening white throughout; in size it frequently measures 5 inches across; the centre of the flower is a mass of closely arranged fringed florets; these are surrounded or edged by the broad, shining white ray petals, forming a flower which reminds one forcibly of a glorified double Pyrethrum. It is but rarely that a flower comes single, and when such is the case, they are as beautiful as the double forms; they are produced on long stems with a freedom not known in other varieties of the Marguerite.

Good young plants, 2¼ inch pots. \$1.25 per doz.; \$8.00 per 100; \$75.00 per 1000.

Dreer's Select Dahlias

Dahlias True to Name.—All of the Dahlias which we offer this season have been grown at our New Riverview Nurseries under our personal supervision, every precaution was taken to prevent errors and our customers may depend upon receiving stock **absolutely true to name.**

Dahlia Roots or Plants.—Unless otherwise noted in the descriptions of the various varieties, we supply all Dahlias in strong dormant roots, and we believe our supply this season is ample to meet all demands. However, in case the demand for certain varieties exhausts our supply of roots, we will send out strong growing plants which will give equally good results.

Dahlias for Cutting.—The varieties marked with an asterisk* are those that are particularly suited for cutting, being free-flowering sorts, with good stems and desirable colors.

NEW GERMAN GIANT CACTUS DAHLIA RHEINKÖNIG

New German Giant Cactus Dahlias

In our own fields, during the past summer, these varieties attracted great attention. Not only are the flowers of very large size (most of them distinct and unique in form) but the habit of the plants is also very vigorous; growing with us about five feet high and free-flowering.

***Nerthus.** The centre of the flower is a rich, glowing, bronzy orange-yellow, passing to a carmine-rose at the tips, the whole suffused with a glowing golden color.

***Rheinkönig.** Pure snow-white flowers of splendid form, 5 inches and over in diameter. These are of great substance, lasting splendidly when cut. They are borne on long, stiff stems held well above the foliage.

***Vater Rhein.** Flowers frequently 7 inches in diameter, raised well above the foliage on stout stems; the petals are broad, curled and twisted, forming an ideal flower, the color of which is yellow suffused with salmon-rose.

***Wodan.** Bold, large, but not coarse flower, frequently 7 inches in diameter. A graceful arrangement of semi-incurved tubular petals of a pleasing, delicate salmon-rose color, shading to old gold in the centre.

***Wolfgang von Goethe.** Large, gracefully arranged, perfect flowers of a rich apricot with carmine shadings.

Price. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

PÆONY-FLOWERED DAHLIA

DOUBLE POMPON DAHLIAS

Collerette Dahlias

Recently French specialists have given us many beautiful improved forms, some with very large flowers and with delightful color combinations and from which we have selected the varieties here offered. The flowers are single, having one row of petals with an additional row of short petals around the disc, which forms a frill or collar and which is usually of a different color from the rest of the flower.

3-inch pots, \$1.50 per doz.; \$10.00 per 100.

New Everblooming Pelargonium, "Easter Greeting."

This variety is remarkable for its early and free-flowering habit, and while its principal crop of flowers is produced in early spring, it is the first variety introduced which, in a favorable season, continues to bloom throughout the summer and fall months. Its flowers are of large size, of a bright amaranth-red, each petal marked with a large black blotch. 25 cts. each; \$2.50 per doz.

Dreer's Superb Double-Fringed Petunias.

For half a century we have been making a specialty of Double Petunias, and our strain is accepted as second to none. We annually plant many thousand seedlings, from which only the finest double-fringed forms are selected for propagating purposes, and by this careful selection the strain shows a decided improvement every year.

We offer 15 distinct named varieties.

Watsonia (Bugle Lily).

Ardernei. A bulbous plant closely allied to the Gladiolus, and that will succeed under similar cultivation, or it may be grown under glass planted out like roses or carnations. It grows about 4 feet high, bearing many long-tubed, open flowers 2 inches across, which are of the purest glistening white and a fine cut flower. Extra strong bulbs, started in pots, \$1.50 per doz.; \$10.00 per 100.

DREER'S SELECT ROSES

Select Two-year-old stock for your Retail Trade

The Roses which we here offer are, with few exceptions, field grown stock either American grown or plants that have been imported from England and Ireland.

These plants are all potted up during December and January, stored in cold houses, so that they break away naturally in spring, making this the best possible stock for selling to the retail customer.

The prices noted are for strong plants in 5 and 6-inch pots (according to the growth of the variety) for delivery during April and May, and while we will make shipments earlier if requested, we prefer to book orders for these months only.

Forcing Roses. For delivery March or April, 2 1/4-inch pots.

We have made arrangements with one of the most successful growers of forcing Roses in the East to supply our trade with this class of stock, and our friends may rely on receiving plants of best quality only. The great scarcity of Manetti stocks this season, due to the extreme drought which was experienced in the parts of Europe where these are grown, will undoubtedly result in a scarcity of grafted plants the coming season, and early orders for your requirements in this line are therefore advisable.

Double White Killarney (Budlong). A perfectly double sport of White Killarney, the most important Rose introduced this year and the most valuable white Rose ever offered.

HARDY PERENNIAL PLANTS

For many years Hardy Perennials have been one of our principal specialties and our stock at the present time is unquestionably the most complete both in quantity and variety in the country.

Many planters not thoroughly familiar with this class of plants have an idea that nothing but a large, field-grown clump will give satisfactory returns the first season. This, as experience has taught us, is in most instances a mistake. A vigorous plant of proper size will, in nearly every case, give quicker and better returns than the best so-called "field-clumps" that can be procured. This fact is particularly appreciated by the leading Landscape Architects throughout the country who use Perennials in large quantity, the majority of whom give preference to the Dreer pot-grown plants. It will be noticed that the majority of the stock offered in this list is described as being 3, 4 or 5-inch pots. This does not necessarily mean that the plants have been altogether pot-grown, but that they have been field-grown and dug and potted up during the Fall and early Winter months, and such stock can be planted, even late in the Spring, with practically no loss, which, in the case of clumps, is often quite serious.

**Chrysanthemum Arcticum
(The Arctic Daisy or Marguerite).**

Among the fall flowering perennials this is a perfect gem. The plant, though introduced many years since from Arctic Alaska has, until recently, been lost sight of and we now offer it for the first time.

It forms a rosette-like clump of pretty dark-green foliage. In September masses of flower stems appear terminated by Shasta Daisy-like white flowers, from 2 to 2½ inches in diameter. These begin to develop during the last week in September and continue in good condition throughout October and frequently as late as November. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Pennisetum Japonicum.

(Hardy Fountain Grass).

The green and bronze-leaved annual Pennisetums are given important positions in almost every public park and in many of the handsomest private gardens, being used chiefly as borders to large beds of Cannas, Caladiums, etc. This new variety, now offered for the first time, has been on trial with us for the past two seasons, and has proved to be perfectly hardy. In habit of growth it is somewhat heavier than *P. Rueppelianum*; grows about 4 feet high; foliage narrow, of a bright green, while the cylindrical flower heads, carried well above the foliage on gracefully recurving stems, are tinged with bronzy-purple, the whole plant having a light, airy appearance, and should prove one of the most valuable hardy grasses either for use in beds, mixed borders or as specimens. \$1.50 per doz.; \$10.00 per 100.

GYPSOPHILA PANICULATA FL. PL.

Eulalia Japonica Zebrina Stricta.

Identical with the well-known hardy Zebra Grass, excepting in habit of growth, which is more erect, and on account of which the transverse variegation of yellow and green appears more pronounced. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

JAPANESE IRIS

The improved forms of this beautiful flower have placed them in the same rank popularly as the Hardy Phloxes and Pæonias. Coming into flower about the middle of June and continuing for five or six weeks, they fill in a period when flowers of this attractive type are particularly welcome.

They succeed in almost any soil and position, but respond quickly to liberal treatment, rich soil and plenty of water, when they are forming their buds and developing their flowers.

We offer fifty-six varieties; one of the choicest and largest collections ever offered; each one distinct and desirable. These are divided into two classes three and six petaled; the six-petaled sorts having the heaviest showiest flowers, while those with three petals are perhaps, the most artistic. Both are equally valuable as cut flowers for which purpose they should be cut in the bud state, permitting the blooms to expand after being placed in water.

HARDY PHLOX

Hardy Perennial Phloxes

We are the largest growers of Perennial Phlox in the world, having this season over half a million field-grown plants in stock.

The collection offered below embraces every known color in this gorgeous race of Summer flowering plants, and we are prepared to furnish many of the rarer as well as the older standard varieties in large quantities at a low uniform price.

The plants we offer are all strong one-year-old field-grown, and will make a fine display of flowers this season.

New Varieties of Phlox.

Asia. One of the prettiest in the collection, a delicate shade of mauve, with a crimson-carmine eye. 25 cents each; \$2.50 per dozen; \$18.00 per 100.

Baron van Dedem. Brilliant cochineal-red with salmon shadings, not a large flower but produced in large trusses and remarkably free-flowering. \$1.50 per dozen; \$10.00 per 100; \$90.00 per 1000.

Europa. A white variety with very decided crimson-carmine eye, the individual flowers as well as the trusses are very large; entirely distinct. 25 cents each; \$2.50 per dozen; \$18.00 per 100.

Elizabeth Campbell. Very bright salmon-pink, with lighter shadings and dark crimson eye, an entirely new and much wanted shade in Phlox. \$1.50 per dozen; \$10.00 per 100; \$90.00 per 1000.

Frau Anton Buchner. The finest white variety yet introduced, having the largest truss and individual flower, of dwarf habit. \$1.50 per dozen; \$10.00 per 100; \$90.00 per 1000.

Goliath. A giant in growth, in rich soil over 5 feet high, the flowers of good size in bold massive panicles of a rich crimson-carmine, with deeper eye. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Rynstrom. An improved form of the popular variety Pantheon, fine for massing, of a Paul Neyron rose-color. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Rosenberg. Bright reddish-violet, with blood-red eye, large truss and individual flowers as large as a silver dollar. \$1.50 per dozen; \$10.00 per 100; \$90.00 per 1000.

General Collection of Hardy Phlox.

Albion (Medium). One of our own introductions; producing very large panicles of pure white flowers with a faint aniline-red eye.

Aglae Adanson (Medium). Snow-white, with red eye.

Bacchante (Tall). Tyrian rose with crimson-carmine eye.

Beranger (Dwarf). Ground color white, delicately suffused with rosy pink, distinct amaranth-red eye.

VINCA MINOR AUREA

New Hardy Vinca.**Minor Aurea.**

A pretty yellow variegated form of the hardy Vinca Minor which is so extensively used as a ground cover especially in shaded places where grass will not grow.

This new variegated form should prove a most desirable addition for this purpose, particularly so as the foliage is much larger than in the type and irregularly margined and marbled with yellow.

It also should prove valuable for use in window boxes particularly for winter use in connection with Boxwoods and other Evergreen plants. Mr. William Falconer, Superintendent of Allegheny Cemetery, Pittsburg, Pa., one of our best authorities on hardy plants says: "It is very beautiful and I am satisfied that the variety will find an appreciative place among hardy plants."

Ready April 1st. Good plants at 20 cents each; \$2.00 per dozen \$15.00 per hundred.

Vinca (Periwinkle or Trailing Myrtle).

Minor. Strong bushy plants in 3-inch pots. 75 cents per dozen, \$5.00 per 100; \$40.00 per 1000.

Viola Cornuta Purpurea or G. Wermig.

A variety of the Tufted Pansy which, in general appearance, so closely resembles the Princess of Wales Violet as to make it a splendid substitute for the latter during the summer months when they are not to be had. It is one of the popular flowers in Covent Garden Market, London, where thousands of bunches are sold daily. It will do equally well in the cooler parts of our country if planted in cool soil in a partially shaded position. 2 1/4-inch pots, \$1.50 per dozen; \$12.00 per 100.

DREER'S New Brand—New Style Hose, "RIVERTON."

The
Hose for
the
Florist

This hose can be furnished in continuous lengths up to 500 feet without seam or joint. Will withstand 50 per cent. more pressure than the old style hose. Couplings supplied with 25 feet lengths and over. The "RIVERTON" is guaranteed, and is the best hose for florists' use. Will not kink, will not harden or become brittle. It is utterly impossible for it to open or unwrap. See that it bears our name and brand, "RIVERTON." ¾-inch, per foot, 15 cents; in reels of 500 feet, 14½ cents per foot; two reels, 1000 feet, 14 cents per foot. ½-inch, 13 cents per foot; in reels of 500 feet, 12½ cents per foot; two reels, 1000 feet, 12 cents per foot.

DREER'S TOBACCO SOAP

The best insecticide for house plants known, is carefully prepared and will be found to be just what we call it. Special care has been taken in preparing this soap, so as not to burn the foliage of plants either indoor or outside. It is not offensive, is easily dissolved and easily applied. Directions with each package. Per doz. \$2.00; per 100, \$15.00. Retail at 25 cents each.
